Hi All-

CDC's intention with restoring this funding was to initiate improved regional surveillance for EEE. ME, VT and NH are also receiving this funding and we have had one conference call to discuss a regional approach. No decisions were reached and we are expecting to have another call shortly. In quick discussions with Sandy and Pat today, I believe we are hoping to apply at least part of this money to the lab position and for supplies. Whether we are able to do anything additional I think remains to be seen.

I don't think we would be allowed to spend this money on another disease. I am trying to clarify with CDC when the next call is.

Katie

Hi Eva,

We only received \$20K in Lyme disease for temp help this year. We have just received another round of funding for WNV, and hope to meet soon. I have included parties in this email, so that we can discuss at an upcoming meeting.
Ann

Hi Ann,

I have a note that there is \$20,000 available on ELC for temp help (ISIS) through December 31st, is this a final amount?

Last year we had significantly more. Please let me know. Thanks

Eva
